Service name	Radio Ikhlas
Licence area	Derby (as shown in the licensed coverage area map)
Frequency	107.8 MHz

Description of character of service

Radio Ikhlas serves the Asian (primarily Pakistani) community and also smaller ethnic communities (e.g. Somalian, Kurdish and Afghani) in Derby (in particular the Normanton area). Through collaboration with the local community the station provides a platform to promote improved local integration, education, employment and training.

- **Music:** The main types of music broadcast over the course of each week are: Urdu Naats and Punjabi songs. British music is also broadcast.
- **Speech:** The main types of speech output broadcast over the course of each week are: news and current affairs; specialist output for children, women and the elderly; and topical community content.
- Over the course of the week programming in Urdu, Punjabi, Mirpuri, Pushto, Arabic and English is broadcast.
- The service provides original output¹ for a minimum of 8 hours per day.
- The service provides locally-produced output² for a minimum of 8 hours per day.

The studio is located within the licensed coverage area.

The service provides a range of community benefits (social gain objectives mandated by statute) for the target community, both on-air and off-air, and in doing so, achieves the following objectives:

- the facilitation of discussion and the expression of opinion,
- the provision (whether by means of programmes included in the service or otherwise) of education or training to individuals not employed by the person providing the service, and
- the better understanding of the particular community and the strengthening of links within it.

Members of the target community contribute to the operation and management of the service.

The service has mechanisms in place to ensure it is accountable to its target community.

[August 2006. Revised May 2015; September 2016]

¹ Original output is output that is first produced for and transmitted by the service, and excludes output that was transmitted elsewhere before. Original output can be live or voice-tracked. Repeat broadcasts of original output do not count towards the minimum requirement.

² Locally-produced output is output made and broadcast from within the service's licensed coverage area.
