

Key Commitments

Licence number: CR000232

Service name	Bradley Stoke Radio
Licence area	Bradley Stoke, South Gloucestershire (as shown in the licensed coverage area map)
Frequency	103.4 MHz

Description of character of service

Bradley Stoke Radio provides a service for the people of Bradley Stoke, with locally relevant programming. Volunteers and their skills are used to boost community pride and a sense of identity for residents and to help other community groups in the area improve their profile. Programming includes a variety of music and speech programmes produced by and for the residents of the area.

The service broadcasts:

- Music. The main type of music broadcast over the course of each week is: mainstream music. Specialist music may also feature.
- Speech. The main types of speech output broadcast over the course of each week are: local and community news and information, weather and travel, debate and talk shows.
- The service provides original output¹ for a minimum of six hours per day.

The studio is located within the licensed coverage area.

The service provides a range of community benefits (social gain objectives mandated by statute) for the target community, both on-air and off-air, and in doing so, achieves the following objectives:

- the facilitation of discussion and the expression of opinion,
- the provision (whether by means of programmes included in the service or otherwise) of education or training to individuals not employed by the person providing the service, and
- the better understanding of the particular community and the strengthening of links within it.

Members of the target community contribute to the operation and management of the service.

The service has mechanisms in place to ensure it is accountable to its target community.

[September 2013. Revised September 2016]

¹ Original output is output that is first produced for and transmitted by the service, and excludes output that was transmitted elsewhere before. Original output can be live or voice-tracked. Repeat broadcasts of original output do not count towards the minimum requirement.
