

**Key Commitments****Licence number: CR101255BA**

<b>Service name</b>	<b>Angel Radio</b>
<b>Licence area</b>	<b>Portsmouth and Havant (as shown in the licensed coverage area map)</b>
<b>Frequency</b>	<b>89.3 MHz</b>

**Description of character of service**

Angel Radio is for people aged 60 and over in the Portsmouth and Havant area. The service is specifically tailored towards the older generation, with nostalgic music and informative speech on local and older wellbeing issues to inform, entertain and stimulate.

The service broadcasts:

- Music. The main type of music broadcast over the course of each week is music produced between 1900 and 1959. Some music from the 1960s onwards also features.
- Speech. The main types of speech output broadcast over the course of each week are: events and community information; documentaries; weather, health and welfare information; and reminiscence therapy.
- The service provides original output<sup>1</sup> for a minimum of 10 hours per day.
- The service provides locally-produced output<sup>2</sup> for a minimum of 13 hours per day

The studio is located within the licensed coverage area.

The service provides a range of community benefits (social gain objectives mandated by statute) for the target community, both on-air and off-air, and in doing so, achieves the following objectives:

- the facilitation of discussion and the expression of opinion,
- the provision (whether by means of programmes included in the service or otherwise) of education or training to individuals not employed by the person providing the service, and
- the better understanding of the particular community and the strengthening of links within it.

Members of the target community contribute to the operation and management of the service.

The service has mechanisms in place to ensure it is accountable to its target community.

[January 2017]

<sup>1</sup> Original output is output that is first produced for and transmitted by the service, and excludes output that was transmitted elsewhere before. Original output can be live or voice-tracked. Repeat broadcasts of original output do not count towards the minimum requirement.

<sup>2</sup> Locally-produced output is any output made and broadcast from within the service's licensed coverage area. It may include all types of local production.
